Please find below and/or attached an Office communication concerning this application or proceeding.

The reply filed on 6/9/03 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Failure to: Distinctly and specifically point out the supposed errors in the examiner's action, reply to every ground of rejection and objection, and present arguments pointing out the "specific distinctions" believed to render the claims "including any newly presented claims" patentable over "any applied references." Applicants did not even mention any of the applied art. Furthermore, although a response including amendments and remarks was filed, applicant did not request reconsideration. If applicants wish for the examiner to reconsider his position with respect to the amended and new claims, the reply should state, "Applicants request reconsideration," or the like. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Respectfully,
